Dry cooler																																																									
Capacity: 45.5 kW					Tube volume: 3.62 l																																																				
Surface reserve: 0 %					Netweight: 14.4 m²																																																				
Air: Inlet					Heating medium: water																																																				
Volume flow: 1.13 m³/s					Inlet temperature: 85.0 °C																																																				
Temperature: 10.0 °C					Outlet temperature: 75.0 °C																																																				
Humidity: 69.0 %																																																									
Pressure drop: 82.8 Pa																																																									
Speed: 3.59 m/s					Mass flow: 3908.5 kg/h																																																				
Air pressure: 1.013 bar					Pressure drop: 12.22 kPa																																																				
Fans: 1x3~400V 50Hz - R4D400 Fast					Inlet tube: 1 x 35.0 mm																																																				
Tube material: copper					Outlet tube: 1 x 35.0 mm																																																				
Fin material: aluminium					Passes: 8																																																				
Frame material: galvanized steel
